

# **Montessori Beginnings: A Parent-Child Class for Toddlers**

Are you wondering if your child is ready for school? Montessori Beginnings is a four-session parent-child class at Village Montessori School in Bluemont designed to introduce young children and their families to the exciting journey of a Montessori education. Parents participate with their child to help their child build independence in a group environment while becoming familiar with the routines of the Montessori Toddler Community.

The sessions are tailored to fit your schedule, and are held in the Toddler Community while class is in session, so that both parent and child can experience the Toddler classroom in action. During your visits, you and your child will participate in our daily routines at your own pace, with all routines modeled by the Montessori guides. Your child will be able to experience being in a community setting, and our experienced Toddler staff will help you understand the principles of the Montessori Method and help to assess if your child is ready to start school. The cost for the four sessions is \$80. Parents should bring supplies for diapering on the go and any other supplies needed to care for the child during the time they are in class. A parent and child may enroll in the class once the child is 18 months of age. Spaces are available starting in October on a first come, first serve basis.

For more information, and to schedule your session, please e-mail Anni Bryner, our Toddler Directress, at [annibryner@villagemontessori.org](mailto:annibryner@villagemontessori.org)
